IT BURST IN MID-AIR

Horrible Accident at a Balloon Ascension in Russia.

THE AIR SHIP SUDDENLY COLLAPSED.

From a Great Height Four Men Fall to the Earth and Are Dashed to Pieces--An Accident to French Aero-nauts in Paris.

ST. PETERSBURG, June 23.--A terrible balloon accident occurred Sunday in the suburbs of this city by which four lives were lost. The balloon, which was a large one and belonged to Count Apraxine, was filled with gas under the supervision of a party of amateurs. They lost control of the unwieldy globe, and it suddenly shot into the air, carrying with it four men. The balloon rose with tremendous swiftness and had attained a great height when it burst and the four occupants of the car came whirling down and were dashed to instant death on the earth below. Large numbers of people had gathered to watch the ascension and were witnesses of the whole horrible affair.

PARIS, June 23.--A thrilling scene was witnessed Sunday by the enormous throng gathered in the Bois de Colombes to witness a balloon ascension. A strong wind was blowing and the balloon had just risen to a level with the tops of surrounding houses when a sudden squall seized it and dashed it against a chimney. The balloon was torn open and M. Canthier, a professional aeronaut, and an amateur accompanying him on the trip, were seriously injured. Fortunately the balloon had lost so much gas that it ceased to rise after the accident, and sank slowly toward the ground and was pulled down by the spectators.

TORNADO IN KENTUCKY.

Many Houses Wrecked and Reports of Persons Injured--Crops Destroyed.

LOUISVILLE, Ky., June 23.--A tornado is reported from the counties of Monroe, Metcalf and Washington, in southern Kentucky. About fifty houses were swept away and the loss to crops will amount to \$25,000. Near Tompkinsville James Payne's house was wrecked and several members of his family injured. "Sam" McPherson's house and Jacob Bartlett's distillery were destroyed. Near Springfield the damage amounted to \$10,000.

CAIRO, Ill., June 23.--The great storm Sunday struck the fruit belt at Villa Ridge with disastrous effect. Five thousand peach and 1,000 apple trees loaded with fruit were blown down. One planter alone lost 300 peach trees. Wheat in the shock was blown all over the county, while that uncut is laid to the ground for miles. Grapevines are badly injured. The tall timber on the Kentucky shore opposite here went down in great quantities before the blast and a report of fatal injury to one man came in Monday morning.

MERVIN KUHN'S TRIAL.

The Young Outlaw in Court on the Charge of Murdering William Campbell.

TIFFIN, O., June 23.--What seems destined to be one of the most sensational trials in the history of northwestern Ohio began in the common pleas court here Monday. Mervin Kuhn, the defendant, is charged with the murder last November, at Fostoria, of William L. Campbell, but the interest in the case is based not so much on this charge as upon the recognized reputation of Kuhn as a cool and desperate villain. He will be best remembered by the public for his fight near Fort Wayne with a posse of officers who were endeavoring to arrest him for the crime for which he is now being tried, in which affray Kuhn was literally shot full of holes, being hit no less than seven times, and supposed to be fatally hurt. His companion was shot in the leg and Officer Kennedy, of the Fort Wayne police, was mortally wounded.

A Petition to the Court.

PHILADELPHIA, June 23.--A petition containing 300,000 names will within a few weeks be sent from this city to St. Petersburg, praying the czar to deal kindly with his political prisoners. The successful termination of this gigantic undertaking is due to the efforts of the Siberian exile petition association, which embraces among its membership men noted in politics, art, literature and science. The petitions will fill several enormous chests and will be shipped to the czar after the first of July.

His Second Murder.

PARKERSBURG, W. Va., June 23.--Clarence Neal, a boy 18 years of age, who killed his father when 14 years old, killed Charles Skidmore, a boy 15, at Riverside Friday night. Neal had had a quarrel with a boy named Ditson and after they had been separated a short time, Neal started out to find Ditson, with the intention of killing him. He mistook Skidmore for Ditson, and slipping up behind him crushed his skull with a loaded whip.

Callous a Candidate.

CHICAGO, June 23.--Senator Cullom, who passed through this city on his way to Europe, says in an interview that Secretary Blaine can have the republican nomination for the presidency if he desires it, but he believes it more than probable that President Harrison will be renominated. The senator admitted that if the Illinois delegation was for him, he would be in the field himself.

CURRENT EVENTS.

Hog cholera is again raging in Blackhawk county, Ia.

J. B. Haggins denies that the Ansonia mine has been sold.

Pennsylvania expended \$35,029.22 in suppressing the recent riots in the coke region.

At Elkhorn, Wis., Jerry Kaller, a boy 13 years old, was shot and killed while out hunting.

The Kickapoo Indians have refused to surrender their lands and take allotments in severalty.

Mr. Gladstone has suffered another relapse, and his physician has ordered a complete rest for several days.

Joseph Demoritt, 19 years old, of Key West, Fla., murdered his father Monday for having accused him of stealing \$10.

Fire in the Border City mills at Fall River, Mass., Monday did about \$100,000 damage. The loss is covered by insurance.

CHOPPED DOWN THE POLE

He Didn't Want Electric Wires in Front of the Postoffice.

Considerable excitement was caused in Beloit yesterday afternoon by the chopping down of an electric light pole by C. B. Salmon, owner of the postoffice block and an extensive manufacturer. The Beloit Electric Light company disregarded Mr. Salmon's orders not to put a pole in front of his block, and hurriedly erected one, and made a line connection, whereupon Mr. Salmon got an axe and felled the pole. The light company threaten to sue for damages.

A RAGING STREAM.

The Missouri River Higher Than for Years--Acres of Land Washed Away at St. Joseph.

ST. JOSEPH, Mo., June 23.--The flood in the Missouri reached the city Sunday night and the water now stands 23 1/2 feet above low water-mark. An additional rise of 2 feet would flood the lowlands along the river bank and cause great loss of property. The rise in the Missouri has backed up the waters of the Kaw until they stand within 2 feet of flood tide.

ST. JOSEPH, Mo., June 23.--The Missouri river is higher than for several years and is still rising. All government work on the Kansas shore has been abandoned and the government fleet moored in a place of safety. The rapidity with which the surging waters are cutting away the Kansas bank can best be imagined when it is said that half-acre lots of earth have been tumbling into the river ever since Sunday morning. A workman who came in from Belmont on the government steamer said that the neck of the land which now separates the river north and south is less than one-quarter of a mile wide. At the rate the river is now cutting the land away it would require but a short time to place Elwood suburb on an island and leave St. Joseph 2 miles from the river. This would also leave St. Joseph's \$1,000,000 bridge standing over a dry spot where the river once wended its way south. Several farmers have lost hundreds of dollars in wheat and corn, which have been washed into the river by the falling banks.

PLACED ON TRIAL.

Beginning of the Case Against the New Haven Directors.

NEW YORK, June 23.--Chauncey Depew, Vanderbilt, Rockefeller and other distinguished directors of the New Haven road were placed on trial in the court of oyer and terminer for misdemeanor in unlawfully heating passenger cars with stoves and thereby causing the deaths of six persons on February 20, 1891. District Attorney Nicol and his assistant, McKenzie Semple, appeared on the ground early. They did not expect that the railroad directors would come to court, as they are not obliged to do so under an indictment for misdemeanor. They can be represented throughout the trial by counsel and need not make the journey to City Hall park at all unless they desire to go on the stand as witnesses in their own behalf. Lawyers Bowers, Taft and Townsend, counsel for the New Haven directors, represent perhaps the most distinguished men who have ever been brought to the criminal bar of this country. At 10:45 o'clock four of the directors--Leverett Brainerd, Henry C. Robinson, Joseph Park and Edward M. Reed--came into the courtroom and took seats behind their counsel's table. Everybody was looking for Depew, but the great after-dinner orator did not turn up. Most of the day was taken up with getting a jury. The jury was completed at the conclusion of the afternoon session and the trial proper goes on this morning.

IT IS NOW A LAW.

Gov. Fifer Signs the Illinois Australian Ballot Measure.

SPRINGFIELD, Ill., June 23.--Lieut. Gov. Ray and Speaker Crafts arrived here Monday and immediately repaired to the governor's office, accompanied by A. H. Wagoner, enrolling and engraving clerk of the house. Attorney General Hunt was also present. Clerk Wagoner expressed his conviction that the missing section 28 of the Australian ballot bill had been properly enrolled, saying he remembered copying the section, which occupied a single sheet, and believed it must have slipped out when the bill was put together. An examination of the enrolled bill seemed to sustain this supposition. The journals of the senate and house were sent for, and those sections relating to the action of the two bodies upon the bill were carefully examined by Messrs. Ray and Crafts, who satisfied themselves that the bill as passed contained the missing section. Thereupon Clerk Wagoner was directed to enroll the section. This was placed in the bill, which was delivered to the governor and immediately signed by him.

Illinois Crops Damaged.

ALTON, Ill., June 23.--Serious damage to the immense wheat crop of the great American bottom is reported here. The recent heavy rains have not only beaten down and lodged the grain but so thoroughly soaked it as to injure it. In addition the mud is almost knee-deep, rendering it next to impossible to harvest it. This will be doubly severe on the farmers, as in view of the heavy yield in sight a few weeks ago numbers of them had purchased new harvesting machinery, 500 binders and fifty threshing outfits having been sold by local dealers alone.

On Trial for Embezzlement.

PEORIA, Ill., June 23.--The task of selecting a jury for the trial of Peter Steubenath, formerly cashier of the Chicago, Rock Island & Pacific railroad, charged with embezzling \$18,000 of the company's money, began Monday. Steubenath was one of the leaders in Peoria society, and owing to the fact a number of Peoria society people will be subpoenaed as witnesses. The trial promises to be decidedly sensational. A noted opera singer will be one of the witnesses summoned.

Rioters Killed by Troops.

VIENNA, June 23.--Sunday at Batonya, a town of Hungary, a crowd of field laborers, incited by socialist agitators, made an attack upon the town hall. Had it not been for the determined resistance offered by a small force of policemen the mob would probably have wrecked the building. The officers killed four of the mob and wounded seven others.

The McCrea-Green Sensation Culminates in Milwaukee.

DIVORCE FOLLOWED BY MARRIAGE.

The New York Broker Who Deserted His Wife and Went to Europe With a Daughter of the Murdered Chicago Millionaire Weds.

MILWAUKEE, June 23, [Special].--A year ago Douglas Green, a well known member of the New York Produce and Stock exchanges deserted his wife, went to England with Mrs. Snell McCrea, a dashing widow, who is a daughter of the millionaire Snell, whose murder in Chicago four years ago caused a great sensation. Mr. Green and Mrs. McCrea remained in London, and recently Mrs. Green obtained a divorce in New York. The announcement of this fact was soon followed by reports that the couple had returned from England, that Mr. Green was trying to arrange a settlement of his financial affairs with a view to resuming business. About the time Chicago reporters were trying to locate the couple in that city Mr. Green and Mrs. McCrea had taken a quiet trip to Milwaukee. They were driven to the residence of the Rev. Amos A. Kiehle, corner of Thirteenth and Sycamore street. The ceremony was quickly performed, persons in the house signing the certificate as witnesses and immediately afterward they left the house. It is supposed they returned at once to Chicago.

Found Dead on the Road.

FAIRFIELD, Ia., June 23.--S. D. Walsh, a prominent young farmer and postmaster at Knum, in this county, was found dead in the road in the vicinity of his home Monday morning. The accident, which took place Sunday night, when he was about 10 o'clock Sunday night, when he was driving some. Some suspicion of foul play is entertained, as the horse he was driving was not a vicious one and his wounds were such as could not be inflicted by falling from his buggy.

Brought from Samon for Burial.

SAN FRANCISCO, June 23.--The steamer Sea Wolf arrived from Apia, Samoa, Monday afternoon bringing a cargo of wreckage from the United States men of war Trenton and Vandalia, wrecked at Apia in the hurricane of March, 1889, and also bringing the remains of twenty seamen belonging to those vessels who were drowned at the time. The remains will be buried at Mare island navy yard.

Sam Small Retaliates.

PHILADELPHIA, June 23.--Upon complaint of Rev. Sam Small, the grand jury has found an indictment for criminal libel against Rev. J. Wesley Hill, of Ogden, U. T. The offense charged is writing and publishing letters charging criminal conduct upon Rev. Small in connection with the funds of Utah university.

Sentenced for Ten Years.

INDIANAPOLIS, Ind., June 23.--Special Judge Norton on Monday overruled the motion of Lemon E. Reinhold's attorneys for a new trial. Sentence of ten years in state prison was pronounced. The defendant was convicted of conspiracy to rob the city editor of the News. An appeal to the supreme court will be taken.

Horses Burned to Death.

CHICAGO, June 23.--Nineteen head of horses, valued at \$3,500, were burned at W. H. Morehead's livery stable, 2019 and 2021 Bonfield street, Monday night. The fire started from spontaneous combustion in the basement of the stable, which is filled with hay and straw.

Macbeth's "pearl top" and "pearl glass" lamp-chimneys do not break from heat, not one in a hundred; they break from accidents.

They are made of clear glass as well as tough, as clear as crystal. They fit the lamps they are made for. Shape controls the draft; they are shaped right. Draft contributes to proper combustion; that makes light; they improve the light of a lamp.

But they cost a dealer three times as much as common chimneys, and, as they do not break, he is apt to be anxious lest they stop his trade. Diminished sales and less profit are not agreeable to him.

There are two sides to the question. Have a talk with the manufacturer. GEO. A. MACBETH & CO., Pittsburgh.

TRULY A TYRANT.

Balmaceda Ruling Chili with a Ruthless Hand.

INSTANCES OF HIS WANTON CRUELTY.

A New York Man Tells of Barbarous Acts Committed by the "Dictator"—A Reign of Terror Said to Exist.

BALMAEDA'S BRUTALITY.

NEW YORK, June 23.—Three gentlemen who have just arrived from Chili, but whose names are withheld because their property in that country would be confiscated and their lives taken upon their return, tell startling stories of the ferocity, brutality and tyranny of Balmaceda. Two of them are prominent Chilean "high characters," who speak from actual knowledge. The other is an equally reputable New Yorker, who has been in Chili since the revolution began. They all pronounce Balmaceda "an inhuman brute and tyrant." One of his first acts was the painting of a red cross on the houses of all "high characters." Such people cannot lock their doors, but must furnish wine and food to any soldiers, who are at liberty to search the houses night or day. No one can ride on horseback after 5 o'clock in the afternoon. No three persons can walk the street together at one time, and no two persons can commune in a public place. Employers have to "tag" their help. If a laborer is caught without that tag he is forced into the ranks as a soldier. There is no appeal.

The New York man says that one day he heard terrible shrieks coming from behind a fence. In reply to his questions a soldier said: "It is one of Balmaceda's men punishing a fellow who won't work for him. He is driving tacks and pins into his hands." The next day this gentleman saw a shocking punishment meted out to a native worker and heard overheard to say: "I am willing to work my hands off for the revolutionists." The poor fellow's hands were placed on a block and his fingers were pounded to a jelly by a mallet in the hands of a soldier. The fainting man was then taken to work his hands off any way he wanted to. Unable to control his indignation the New Yorker denounced the outrage to a Chilean friend. The next day the friend was missing. Some days later a note from him said he had been imprisoned by Balmaceda's men for being a "sympathizer."

The weak point of the revolutionists is the lack of arms and ammunition. The forces of the revolutionists number at present 3,000 men fully armed and equipped. Could the necessary arms be secured the number would at once be increased to 10,000 men. At this conference there were present among others Drs. Yowell, of Nashville; Hartman, of Columbus, O.; Miller, of Des Moines; Hatch, of Sioux City; Boettler, of St. Joe; Leslie, of St. Louis; Parr, of New York, and Row, of San Francisco. The aim is to perfect an organization for the elevation of medical, surgical and scientific attainments; for the promotion of a more thorough mutual intercourse among liberal physicians and specialists; for the interchange of scientific knowledge; to secure fair and equal legislation and advance the just claims of those who practice medicine and the different specialties of medicine and surgery in the estimation of the better class of people and of the laws of the land. The division of the congress into general sections representing different western states, and into subsections of various pathological pursuits contemplated.

"Balmaceda" said one of the gentlemen from whom these details are obtained, "calls these men volunteers. To give you an idea of how voluntary the services of these men in the army are, I saw a soldier with a broken arm, who was being taken to the hospital, and he was surrounded by soldiers with fixed bayonets. This I have seen more than twenty times. I also saw a soldier from the intendente of one of the southern provinces written to Balmaceda, in which the intendente says: 'I regret being unable to send you a larger number of volunteers, owing to the scarcity of handiworkmen; so you can see that the fighting men are Balmaceda's to count on.' He pays the officers of his army extra wages to keep them in good humor and to have them rule the troops with an iron hand. Before we left Valparaiso I was almost convinced that Balmaceda would win the fight, no great did his power seem. I also saw a soldier who got the more I was impressed with the numbers and determination of the revolutionists."

The generals of Balmaceda's army as well as the principal officers are said to be superior in military training to those of the revolutionaries. One of the most prominent leaders of the revolutionists, Don Pedro Monott, is said to be on board the Pacific mail steamship City of Paris, which will arrive here on June 24. It is said he comes to confer with the authorities at Washington looking toward their recognition of the revolutionists as belligerents. A rumor is also current in Spanish circles that the European agents of the revolutionists have paid the balance of the contract money due on two cruisers that have just been finished for the Chilean government and have loaded and dispatched these vessels to Chili, where they will fight against Balmaceda. If this rumor is true it will be the hardest blow the revolutionists have yet struck.

Treat of Her Indian Husband.

CHAMBERLAIN, S. D., June 23.—The report is brought here by Missouri river steamboatmen that Mrs. Cora Belle Fellows-Chaska will apply for a divorce from husband, Sam Chaska. SOUTHERN BANKS FAIL.

Sax Brothers' Savings Institution at Nashville, Tenn., Closes Its Doors with Liabilities of \$600,000.—Failure of the Nashville Bank of Florence, Ala.

NASHVILLE, Tenn., June 23.—The announcement made Monday afternoon that the Nashville Savings bank had suspended payment spread rapidly throughout the city and in a short time there were many anxious depositors and others in and around the bank seeking information as to the cause. The bank had a large number of depositors and is one of the oldest in the city, having been in operation for more than a quarter of a century. Julius Sax is the president and Max Sax the cashier. The bank did an extensive business. It was announced soon after the suspension that assignment papers would be filed as soon as the schedule of liabilities could be prepared, and that in the meantime James M. Head, the trustee, had assumed charge of the bank. Inquiry developed the fact that the liabilities of the bank aggregated \$600,000 and that some of the largest creditors are in New York. It appears that a run on the bank began at 11:30 o'clock and continued until 1 o'clock, when it was plainly seen that unless assistance could be had from the other banks suspension must result. The suspension of the bank was followed by the suspension of the bank and the bank suspended. The depositors who called at the bank were told that they would all be paid in full, but that some time would be required for the bank to realize on its assets. This being the first bank suspension in the city for twenty-five or thirty years it occasioned no little excitement. The impression prevails that the depositors will lose little if anything.

BIRMINGHAM, Ala., June 23.—The Florence national bank of Florence, Ala., closed its doors Monday. The immediate cause is attributed to the spread of false reports which caused a run on the bank. Some confusion seems to have resulted by reason of Mr. Flannigan, cashier of the Alabama Banking & Trust Company, having been for a time also president of the Florence national bank. His books showed \$10,000 deposited in the Traders' national bank of Boston, but a draft on that bank for \$6,000 went to protest. It developed that the \$10,000 had been appropriated to paying certificates of deposit of the Alabama Banking & Trust Company on the order of Mr. Flannigan.

LOUISVILLE, Ky., June 23.—W. Beninger & Sons, dealers in furniture, assigned Monday morning. Liabilities, \$40,000; assets, \$45,000.

CONGRESS OF PHYSICIANS.

Leading Specialists to Meet in Omaha and Perfect an Organization.

OMAHA, Neb., June 23.—To-day there will be held in this city the continental congress of medicine and surgery. It will be composed of leading specialists throughout the country and Europe. The meeting was decided upon in a conference which was held in this city in the early part of the present month. At this conference there were present among others Drs. Yowell, of Nashville; Hartman, of Columbus, O.; Miller, of Des Moines; Hatch, of Sioux City; Boettler, of St. Joe; Leslie, of St. Louis; Parr, of New York, and Row, of San Francisco. The aim is to perfect an organization for the elevation of medical, surgical and scientific attainments; for the promotion of a more thorough mutual intercourse among liberal physicians and specialists; for the interchange of scientific knowledge; to secure fair and equal legislation and advance the just claims of those who practice medicine and the different specialties of medicine and surgery in the estimation of the better class of people and of the laws of the land. The division of the congress into general sections representing different western states, and into subsections of various pathological pursuits contemplated.

THE TREASURY'S CONDITION.

An Available Balance of \$4,064,879 on Hand, June 23.

WASHINGTON, June 23.—Mr. McMillan, chief of the warrant division of the secretary's office, makes the following statement of the condition of the treasury: Balance in treasury June 1, \$10,138,473; receipts to date, \$21,663,124; total, \$31,801,597. Payments to date, \$27,136,718. Balance available June 23, \$4,064,879. The treasurer's statement just issued, which bears date of the 19th inst., shows a cash balance of \$2,952,918, or \$263,164 less than the total amount of deposits in national banks and of fractional silver.

Embezzled from Uncle Sam.

WASHINGTON, June 23.—Anton Karl, an old and trusted disbursing officer of the United States Geological survey, was arrested Monday afternoon charged with embezzling \$5,000 of government funds. It is understood that Karl has made a confession of his guilt. He was under bonds in the sum of \$10,000. Karl had been in government employ for twenty-one years and was at that time disbursing officer of the topographical division of the survey.

Has Fastened Forty Days.

WARASH, Ind., June 23.—There is a wonderful case of fasting at Roschill, in the northern part of Wabash county. Elizabeth McVey, a daughter of P. M. Amis, is suffering with some unknown disease of the stomach, and it is now forty days since she has been able to take nourishment of any kind. The best physicians are completely baffled and have given her up to die. She is growing weak rapidly and her death is expected any day.

DESPERATE MEN.

Convicts Make a Terrible Struggle for Freedom in Georgia.

THEY ATTACK THE PRISON KEEPERS.

In the Fight an Assistant Warden, Two Guards and Three Convicts Are Killed—Two of the Prisoners Escape.

FOUGHT FOR THEIR LIBERTY.

CHATTANOOGA, Tenn., June 23.—Full details from Coal City, the convict camp where an uprising occurred Monday morning, record one of the most daring breaks for liberty ever attempted in Georgia. At 6 o'clock Capt. J. Moreland, assistant warden at Shape camp, went into the stockade where 300 convicts were confined. He was accompanied by Jesse Rankin, the guard. After the convicts had been counted and the majority sent off to the coal mines, seven asked to remain behind in order to be furnished with overalls, claiming that they had been working in a wet place in the mine. The seven were: J. M. Lansdowne, S. H. Lansdowne, father and son; Samuel Green, Wilson Palmer, John Rutherford, "Abie" Wayman and George Ward. As the assistant warden started for the stockade, the convicts broke from the office and succeeded in escaping. How the convicts secured the pistol is not known.

BEHRRING SEA ARBITERS.

Sir George Baden-Powell and Dr. George M. Dawson, appointed Arbiters on Behalf of the British Government.

LONDON, June 23.—The government has appointed Sir George Baden-Powell, J. C. M. G., member of parliament for Liverpool, and Dr. George M. Dawson, of the Canadian survey department, as the arbiters on the behalf of Great Britain in the Behring sea fishery controversy. The board of arbitration will probably meet in October. The British members of the board will meet almost immediately at Ottawa, whence they will proceed to Vancouver island, British Columbia, with the intention of visiting the Behring sea fishery. The board of arbitration will be expected that they will be sufficiently acquainted with the details of the seal hunting business and with the needs and interests of the sealers to be able to meet the American arbiters as experts.

WASHINGTON, June 23.—The department of state has been notified that the British government has appointed Sir George Baden-Powell and Mr. W. Dawson agents for that government to visit Alaska and collect information respecting the seal fisheries. The statement coming from London that the division of the law has been pointed arbiters is erroneous. The negotiations looking to arbitration of the claims made by the United States to jurisdiction over Behring sea have not yet progressed to a point that would permit of the appointment of arbiters, and in fact, the matter has not yet been agreed upon. Presumably it will be intrusted to a board composed of two representatives of the United States, two of Great Britain and a fifth member to be selected by the first four. But this presumption may be negated by the assistance upon Russian representation, or it may be that some neutral power will be called in. These are matters that will doubtless be arranged without difficulty when Great Britain and the United States have finally agreed upon the arbitration questions to be submitted to arbitration.

GRIEF FOR M'DONALD.

Flags at Indianapolis at Half Mast—Message from the President.

INDIANAPOLIS, Ind., June 23.—The flags on public and private buildings are at half mast in respect for the late Joseph McDonald. Telegrams of condolence are pouring in from all sources. The following was received by Mrs. McDonald from President Harrison: "CAPE MAY POINT, N. J., June 23.—Mr. Harrison joins me in offering to you and the family a most sincere sympathy in the great affliction which has fallen not only upon you and them but upon the community in the death of Mr. McDonald, and I regret that I am not able to unite with other home friends in the last office of respect and honor."

INDIANAPOLIS, Ind., June 23.—The funeral of the late Joseph E. McDonald will take place at 3 o'clock Wednesday afternoon. The interment will be at Crown hill in this city. Judge Harlan of the supreme court of the United States has been asked to preside at a meeting of the Indiana bar in honor of the dead statesman and lawyer. The meeting will be held either Tuesday or Wednesday according to Judge Harlan's convenience.

State Archives Stolen.

ALBANY, N. Y., June 23.—It has been discovered that valuable papers belonging to the archives of the state of New York have been abstracted from the office of the secretary of state. The full extent of the losses is not yet known.

Three Boys Drowned.

WASHINGTON, Pa., June 23.—John McKewen, Jr., youngest son of the late Millionaire John McKewen, Harry Schouls, grandson of the millionaire, and Walter Jones, son of Rev. J. F. Jones, presiding elder of this district, were drowned while bathing in the reservoir at Deaks park, near this place, Monday afternoon. The boys were aged 9, 7 and 12 years respectively.

Here lies the Rev. Gabriel Spear, A Methodist who moved his life every year, And yet, so changed his nature by a life of prayer.

In the year 1872,

while I was a professor in Chicago Medical College,

Dr. F. B. Brewer

was my partner in practice. The partnership was dissolved by mutual consent, that he might enter into the traveling business with Dr. Price. Respecting the man as I did for his social and business qualities, and for his medical attainments, I have kept watch of him since, and have seen faith in his skill and ability, that after suffering a long time with heart trouble and general nervous prostration from which I failed to be relieved, although many kind physicians had assisted me in search of the desired relief, I finally wrote to my old friend and partner, describing my case. He sent me medicine at once of which I have been taking four weeks. I feel due him, as well as those that think of consulting him, to give this testimonial, which I do unsolicited. I am 61 years old and have practiced medicine 33 years.

LOCAL HORSE TALK.

Nellie Bird May Not Start Again This Year.

MARGARET M. NOT DEAD BUT SOLD.

She Brought Some Where Near \$10,000 and Her Owner Remarks Softly "Oh Death, Where Is Thy Victory?"—
M. Salisbury in Town.

During race week N. H. Clark purchased several very fine young horses for parties outside the city. The animals were all bred here in Janesville, and furnish fresh proof that it pays to breed and raise fine horses. Among the number purchased were two Wilkes mares by Invader, dam State-brid, bred by Emory Drake of H. S. Lockwood, Menomonee, Michigan; price \$500. For the same gentleman there was purchased a four-year-old gelding of Samuel West, by McKinney's King Phallus, dam Bay Dan. price \$250; from Matthew West a chestnut gelding five years old by Athlete, dam Albion, price \$250.

Billy Bassett Sold.

For Peter Hunsard, Menomonee, Michigan, Mr. Clark bought of H. S. Woodruff, Billy Bassett, five years old, by Joe Bassett, dam Susie Atwood, price \$350 and for Dr. H. P. Clute, Marinette, Wisconsin, two pacing fillies, four years old. These fillies are black and so closely matched that their breeder, H. S. Woodruff, could hardly distinguish them. They are by Joe Bassett and their dams were Magna Charta and Hickory, which ought to impart to them all the nerve and staid qualities desired by the most exacting fancier. The price paid for this handsome team was \$450.

Nellie Bird Cannot Race.

Nellie Bird, the best black pacing mare owned by E. C. Caulfield, Monroeville, Illinois, was taken suddenly ill at Janesville, and it is doubtful if she will be able to start in another race this season. She paced three heats in the 2:35 race which was unfinished when darkness put a stop to the contest. That night she was taken seriously ill. Nellie Bird is by Jay Bird, and is a remarkably game horse. Her owner holds her at \$5,000, and claims to have refused \$4,000 for her while in Janesville.

A Stable of Prize Winners.

The stable is in charge of George Starr who was formerly with D. D. Doble and includes Margaret S., 2:12; Homestead, 2:14; Vic H., 2:18; Direct, 2:18; Cricket, 2:10; Oscar, Kate Agnew, 3:28; and Decorator, 2:23. They were the largest winners out last year, and Rockford horse fanciers plan a trip to Janesville to see them. They are entered in all the large stakes and go through the grand circuit.

Margaret M. Not Dead But Sold.

The report that Seyster's speedy four-year-old Margaret M., was dead, is ludicrously incorrect. Instead of that she has been purchased by A. T. Miller, of Bay City, Mich., for some eastern parties. The price is between \$5,000 and \$10,000. Margaret M. was owned by her late proprietor about two years, her greatest speed being 2:21; at Terre Haute, Ind., where she obtained her record in a race with aged horses in the third heat. In the spring of 1887, Michael Seyster owned a gelding worth about \$100, which he traded to Mr. Roberts for Lady H. Margaret M. was pacing filly, and Seyster kept Margaret M. until she was two years old, and then gave her to his son Edward, who soon after sold her to his brother, J. C. Seyster, for \$200.

Sabin's Counselor Will Recover.

Sabin's Counselor, the horse that was injured while being shipped to Janesville, was not hurt as bad as was at first thought. He will be able to take his work again in a short time.

Can't Color a Buckskin Horse.

"There goes a horse that you could tell in an instant if they ever try to make a 'ringer' of him," said A. T. Stark, the talented representative of the "American Trotter" as a buckskin colored trotter was working at the track during the last week's race meetings. "That color cannot be changed by any artificial means. You can make a black or bay horse a buckskin color easy enough by covering him with a thick blanket and burning sulphur under the blanket in the service pen in Racine, Walworth and Kenosha counties. Mr. Howe, who is local agent in Madison, will conduct the Janesville office through a clerk."

Victimized the Buyer.

"There is a scheme for making a grey horse black but I don't know what the process is. I once knew a man who bought a fancy black carriage team of a traveling horse dealer. They were beauties, matched as closely as two silver dollars, and big nice high-headed fellows. The new owner bragged about his team a good deal, but a few weeks after one began to change color. In two weeks he was pure white, then he was covered with big bay spots and the fine team was ruined. Horsemen have a good many tricks that they practice."

Nutwood Fooled Them All.

"Then you cannot always tell what a horse will do by his looks. The same is true of drivers."

"I was at Grand Rapids, Michigan, once during a trotting meeting, and since then I have never claimed to know too much about what a horse will do in a road, by watching him before hand. It was in the '36 class that a broken down looking old trotter called Nutwood, was entered. There were ten starters in the race, and the supposed winner was to be a horse named Little Sam. That was the tip, and it was generally understood that he could distance the field without much trouble."

"They sold auction pools, and everybody seemed to have plenty of money and were willing to bet it. The pool seller began to call off the horses."

"How much am I offered for Little Sam?"

"Twenty."

"Sixty."

"One hundred."

"When he got down to the last horse he said:

"How much for Nutwood?"

Nutwood Hung Back.

A painful silence followed which was broken by Nutwood's owner saying:

"I'll give two dollars."

The old man bought all the pools he could get at that price while the others laughed at him. Then he went around to some of the drivers and dropped a hint to them that Nutwood would fool them, because, he said, he

wanted to give them a chance to hedge. He didn't want to break the whole crowd. But they wouldn't listen to him and then he got mad.

Little Sam won the first heat easily and Nutwood stock went down a peg. Then the old man bought more pools. The second heat was the same. Nutwood being just inside the distance paid. The Nutwood stock was down to be a rock now, but the old man bought more pools yet.

Then He Woke Up.

"Little Sam had two heats now and everybody thought he had the race won. When they finished Nutwood was three lengths ahead, winning the heat in 2:30. He took the other two as easily, and, just for fun, on the last heat, he distanced half the field. The old man left Grand Rapids with \$35,000 in cold cash, every dollar of which was made on that race."

Both Tracks Made Records.

Janesville and Rockford both won the A. Doty Light and Power Company. Beside these there are four bids on oil lamps, but these are supplementary to the main bids.

The Gas Company's Bid.

The gas company agrees to "furnish the gas consumed by the 167 lamps now in use, and also to light and extinguish them the same as in the year 1890 for the sum of \$17 per lamp."

Captain Norcross' Proposition.

"I will furnish from ten to twenty arc lamps for street illumination at \$6.50 a month or \$75.00 a year for each lamp."

"I will furnish from twenty to thirty lamps at \$6.30 a month or \$75.00 a year for each lamp."

"I will furnish thirty to forty lamps at \$6.25 a month or \$75 a year for each lamp."

"All lamps furnished to the city under the proposal to be lighted every night in the year until midnight. The lamps are to be standard twelve hundred candle power Thomson-Houston arc lamp—the same as now used in this city, and in Monroe, Madison, Watertown, Racine, Port Atkinson, Oshkosh, Marinette and Stevens Point."

Are and Incandescent Lamps.

The Doty Light and Power company agree to furnish one hundred Edison arc lights of two thousand candle power each to light from dusk till dawn, located anywhere within the city limits, on every night in the year except when the moon is shining "as per Philadelphia Schedule," covering also such moonlight nights as may be cloudy and stormy. These lamps and incandescent lamps for the council chamber, city clerk's office, and treasurer's office are offered for the term of five years for \$7,500 a year, payable in monthly installments of \$625 a month before the 10th of each month.

As to the Oil Lamps.

The four bids before the gas committee for furnishing oil, keeping in repair and lighting the street oil lamps are: James Rooney \$9 per annum per lamp; Lawrence Cronin, \$7.15 per lamp; Thomas F. Rooney, \$8.50 per lamp; James Madison, \$9 per lamp.

Alderman M. Childs, chairman of the gas committee, has called a meeting of the committee at the city clerk's office on Friday evening, at 8 o'clock for the purpose of giving the bids due consideration.

ALDERMEN ASK FOR GATES.

Demands On Railroad Companies Made By the Council.

Alderman Trulsen's ordinance requiring the railway companies to maintain gates at the street crossings at Jackson street, High street, Academy street, Bluff street, Wall street, Madison street, Center avenue, Pleasant street, North street and Gold street was read to the council last night. It fixes a penalty of one hundred dollars for every twenty-four hours neglect to comply with the ordinance. The ordinance was read the first and second times, and at the request of Frank Jackson who appeared for the Chicago, Milwaukee & St. Paul company, he stating that the company would like to see the ordinance before it was adopted, it was laid over until the next meeting.

City Lumber and Sewer Pipes.

A. E. Burpee was awarded the contract for furnishing sewer-pipe the ensuing year, his being the lowest of the three bids received—274 cents a foot; Mills Brothers being 28 cents, and W. H. H. Macdon 314 cents. D. K. Jeffries was the successful bidder on lumber he agreeing to furnish it at \$12.95 per M.; Fifeled Bros. & Co., \$13.45 per M., and A. E. Burpee, \$14.50 per M.

Lighting Bids Not Reported.

The bids for lighting the city were not reported to the council, the gas committee being granted further time to consider the same.

F. W. Ryan was awarded the contract for grading Hickory street north, his bid being 184 cents per cubic yard. There was but one other bid, that of John Murphy, 23 cents per yard.

Orders were adopted instructing the city engineer to prepare profile and grade for Hickory street south, from Glen street to Fourth avenue, and place the same on file; adopting the grade of Peace court and placing same on city grade book; and instructing the city clerk to advertise for bids for the grading of Chatham street.

Traveling Expenses Allowed.

A bill of City Attorney J. B. Doe for \$62.92 for expenses in travel to Detroit, La Crosse, Milwaukee, Racine and Madison, and procuring engrossed and enrolled copy of charter amendment law, telegraphing, etc., was allowed.

A petition, numerously signed, asking the common council to purchase the steel cannon owned by F. E. Pearson, at a cost not to exceed \$250, was referred to the finance committee.

P. McKinley, Ed. Smith, and George Phelps were confirmed special policemen until September 14th.

The finance committee reported in favor of allowing sundry bills against the several funds aggregating \$872.36. Concurred in.

Goose Island Rent Not Paid.

The bill of Timothy O'Rourke, \$100 for rent of pest house on Goose Island, was held for further consideration.

Several bills presented for payment for loss of time, property destroyed, and for provisions, by parties quarantined by order of the health officer, were disallowed. It was inferred, however, and so remarked by Alderman Vankirk, that there would be no objection to paying for provisions and property destroyed, if bills were properly presented.

The bill of Nelson Carlson, amounting to \$30, for use of his building for election purposes, was allowed, he to give a receipt in full for all claims for rent for such purpose.

BIDS ON CITY LIGHT.

Gas Company, Captain Norcross and H. A. Doty Compete.

THREE SYSTEMS OF LIGHTING.

Gas Will Cost Seventeen Dollars a Lamp—How the Figures Stand on Arc and Incandescent Lights—Bids to Be Considered Friday Night.

Three bids for lighting the city will be considered by the gas committee of the common council Friday night. Gas, arc light and arc and incandescent lights combined are the three systems offered.

The bidders are the New Gas Light Company, Captain Piny Norcross and the A. Doty Light and Power Company. Beside these there are four bids on oil lamps, but these are supplementary to the main bids.

The Gas Company's Bid.

The gas company agrees to "furnish the gas consumed by the 167 lamps now in use, and also to light and extinguish them the same as in the year 1890 for the sum of \$17 per lamp."

Captain Norcross' Proposition.

The lamps are to be standard twelve hundred candle power Thomson-Houston arc lamp—the same as now used in this city, and in Monroe, Madison, Watertown, Racine, Port Atkinson, Oshkosh, Marinette and Stevens Point."

Are and Incandescent Lamps.

The Doty Light and Power company agree to furnish one hundred Edison arc lights of two thousand candle power each to light from dusk till dawn, located anywhere within the city limits, on every night in the year except when the moon is shining "as per Philadelphia Schedule," covering also such moonlight nights as may be cloudy and stormy. These lamps and incandescent lamps for the council chamber, city clerk's office, and treasurer's office are offered for the term of five years for \$7,500 a year, payable in monthly installments of \$625 a month before the 10th of each month.

As to the Oil Lamps.

The four bids before the gas committee for furnishing oil, keeping in repair and lighting the street oil lamps are: James Rooney \$9 per annum per lamp; Lawrence Cronin, \$7.15 per lamp; Thomas F. Rooney, \$8.50 per lamp; James Madison, \$9 per lamp.

Alderman M. Childs, chairman of the gas committee, has called a meeting of the committee at the city clerk's office on Friday evening, at 8 o'clock for the purpose of giving the bids due consideration.

ALDERMEN ASK FOR GATES.

Demands On Railroad Companies Made By the Council.

Alderman Trulsen's ordinance requiring the railway companies to maintain gates at the street crossings at Jackson street, High street, Academy street, Bluff street, Wall street, Madison street, Center avenue, Pleasant street, North street and Gold street was read to the council last night. It fixes a penalty of one hundred dollars for every twenty-four hours neglect to comply with the ordinance. The ordinance was read the first and second times, and at the request of Frank Jackson who appeared for the Chicago, Milwaukee & St. Paul company, he stating that the company would like to see the ordinance before it was adopted, it was laid over until the next meeting.

City Lumber and Sewer Pipes.

A. E. Burpee was awarded the contract for furnishing sewer-pipe the ensuing year, his being the lowest of the three bids received—274 cents a foot; Mills Brothers being 28 cents, and W. H. H. Macdon 314 cents. D. K. Jeffries was the successful bidder on lumber he agreeing to furnish it at \$12.95 per M.; Fifeled Bros. & Co., \$13.45 per M., and A. E. Burpee, \$14.50 per M.

Lighting Bids Not Reported.

The bids for lighting the city were not reported to the council, the gas committee being granted further time to consider the same.

F. W. Ryan was awarded the contract for grading Hickory street north, his bid being 184 cents per cubic yard. There was but one other bid, that of John Murphy, 23 cents per yard.

Orders were adopted instructing the city engineer to prepare profile and grade for Hickory street south, from Glen street to Fourth avenue, and place the same on file; adopting the grade of Peace court and placing same on city grade book; and instructing the city clerk to advertise for bids for the grading of Chatham street.

Traveling Expenses Allowed.

A bill of City Attorney J. B. Doe for \$62.92 for expenses in travel to Detroit, La Crosse, Milwaukee, Racine and Madison, and procuring engrossed and enrolled copy of charter amendment law, telegraphing, etc., was allowed.

A petition, numerously signed, asking the common council to purchase the steel cannon owned by F. E. Pearson, at a cost not to exceed \$250, was referred to the finance committee.

P. McKinley, Ed. Smith, and George Phelps were confirmed special policemen until September 14th.

The finance committee reported in favor of allowing sundry bills against the several funds aggregating \$872.36. Concurred in.

Goose Island Rent Not Paid.

The bill of Timothy O'Rourke, \$100 for rent of pest house on Goose Island, was held for further consideration.

Several bills presented for payment for loss of time, property destroyed, and for provisions, by parties quarantined by order of the health officer, were disallowed. It was inferred, however, and so remarked by Alderman Vankirk, that there would be no objection to paying for provisions and property destroyed, if bills were properly presented.

The bill of Nelson Carlson, amounting to \$30, for use of his building for election purposes, was allowed, he to give a receipt in full for all claims for rent for such purpose.
